But we don't know how bold you are
Are you bold enough for ~ ~

The Reunion of the Decade Well, Actually, Two Decades

Yes, it is time for the 20 year reunion of the
Saturday Grossmont High School August 25, 1984

==== Class of 1964 =====

Older and bolder, let's spend some time sharing our observations on the meaning of life, the mysteries of the microwave, and the overall decline in the quality of graduating seniors since 1964.

We were turned down by the Board of Trustees when we suggested a Kegger on the Quad, so, how about ~ ~ ~

Town and Country Convention Center ~ Presidio Room
Mission Valley ~ ~ on Fashion Valley Road

Time: 8:00 p.m. to 1:00 a.m./ Dress As You Like
Picnic on Sunday ~ ~ Details will be announced Saturday evening

QUOTE 20YRS LATER: There HAS to be an easier way to make a living!

Went to Claremont Men's College, BA 1968; U. of Pennsylvania GSFA, M.Arch. 1974. Graduate school interrupted by 4 years of Air Force duty in Ft. Walton Beach, FL. Had a great time learning to be a "good ol' boy" from the South, loved the white sands of the Gulf. Returned to La Mesa in 1975, got architectural registration in 1976 and have had my own practice since. This last year was spent on the massive remodel of Grossmont Center. I still enjoy restoring old cars and flying. Latest sports love is coaching youth soccer, both indoors and outdoors.

QUOTE 20YRS LATER: If you are walking on eggs, don't hop.

I like to think that I haven't changed at all, but of course this can't be true. I was married for 9 years to Dennis Bestwick and we had 2 daughters (I am recently a grandmother.) Since I've been divorced, I've been learning all the lessons I was supposed to have learned in my 20's. (Does that make me younger now?) My BBA in accounting is in sight -- finally. I am the cash manager for Sutter Community Hospitals in Sacramento. I own my own home with the help of Uncle Sam. I lived in Nevada for many years after leaving California in 1971. Moving back to California, particularly Sacramento, is probably the best move I ever made. All in all, life has been good to me. I'm sure I've made some mistakes along the way, but I prefer to look at them as learning experiences. (It's a good cover when I blow it!)

QUOTE 20YRS LATER: "The best man for the job is a woman."

I have been a social worker for ten years, working with abused children. I have been a sex abuse treatment specialist for the past three years, providing group treatment for child victims of sex abuse. I am currently a board member of Oregon Registered Clinical Social Workers and sec.-treas. for the Clinical Social Work Council, an organization of the Oregon Chapter of NASW.

I was married this year, and my husband and I are in the process of having a house built in the Portland, Oregon area. Due to the poor housing market in this area, both my husband and I will be renting our respective homes when we move into our new one and are quickly becoming cash poor real estate owners.

Happily married for fifteen years, living near Descanso. My husband owns American Metal Processing in El Cajon. I work there part-time. Finished G.E. courses at SDSU. Worked as Pacific Telephone Service Rep for five years, stayed home after having children. Taught aerobic dancing by Jacki Sorensen for four years. Became interested in running--as a result ran several marathons, and was very proud of a 3:20 time at the Heart of San Diego. Now I run only for fitness. Two daughters, ages ten and thirteen years, attend Alpine Schools. They are involved in soccer, Pony Club, 3-wheelers. My husband, Dan, owns American Metal Processing and Astrea Mag Polishing in El Cajon. We met at College Village Apartments while attending SDSU. I enjoy being a housewife and mother!

QUOTE 20YRS LATER: "To love and be loved is the greatest gift on earth."

I hope you understand I really wish we could be there. I really hope that you all have a fantastic time! I think it's great the way you have been able to locate so many people. This must have taken you many, many hours, and I know it's appreciated. It's hard to believe it's been twenty years since we were all together--it's been such a long time, but seems like yesterday. When I think about it being nearly half of my life ago, it's hard to believe! Either I'm getting "old" or time does fly!!

If by some miracle I end up finding a way to at least come alone, I will try. My best wishes and blessings to all of you! Oh what fun it would be to get together with friends from the past!!! (Love, Cindy)

QUOTE 20YRS LATER: "If it works, don't fix it, but if you can make it prettier, give it a try."

I work for the State of California Employment Development Department in the Data and Research Division as a Research Analyst. I work with the computer and other tools to provide census and other information to managers and training planners. I enjoy this work very much, so much that for five and a half years I commuted to Sacramento from Richmond, California, a distance of 78 miles. I now live in the Sacramento area where I own a nice home, complete with yard work, which I hate. In 1970, I married a woman whom I met while attending San Diego State. We have two lovely daughters, ages six and two.

In addition to a Bachelors Degree in Psychology from SDSU, I received a Masters Degree in Public Administration from Golden Gate University in San Francisco. I have also done graduate level work in Counseling and Labor Economics at San Francisco State.

I am associated with the International Association of Personnel in Employment Security, a professional organization for employees of the Employment Departments throughout the country and the world. Having served in two state level offices, I am now the President of the Sacramento Chapter of the organization.

My biggest interest, outside of my job, my family and my house, is photographing boat races. I belong to a power boat racing club in Northern California and every year I return to San Diego in September to attend the Unlimited Hydroplane Races on Mission Bay.

QUOTE 20YRS LATER: This, too, shall pass

1984 is my fifteenth summer of work in Yellowstone National Park, and to some
extent, the teaching of the rest of the year is simply filling the
time--between summer seasons. I have become an acknowledged expert about
geysers and geothermal activity worldwide. My book, "The Geysers of
Yellowstone," (Colorado Assoc. Univ. Press, 1979, 3rd Ed., 1983, 229 pgs.),
has led to contacts with individuals in some 25 nations of the world. Next
step is to somehow come up with about \$50,000 with which to conduct a research
of the geyser fields of the world--something never done before and supported
(academically, not financially) by the U.S. Geological Survey.

QUOTE 20YRS LATER: I well know, O Jehovah, that to earthling man his way does n
ot belong. It does not belong to man...even to direct his step. (Jer 10:23)

We live a quiet life on a five acre plot in the back-reaches of Flagstaff. Ours is a small red farmhouse and buildings next to the forest. Our life consists of training our four children in devotion to Jehovah (Deut. 6:4-7), as well as ourselves in attending meetings designed to educate us about God and his requirements (Proverbs 4:1-9). One of those requirements is that we share the good news of His Kingdom soon to fully reign here, on earth, as found in the "Lord's" or Model Prayer (Matt. 6:9-13, Matt. 28:19, 20); consequently, we obey and spend time regularly discussing the value of the Bible in helping anyone who uses it to live much more fully now, as well as with a view to the possibility of living forever in an earth restored to paradise (Rev. 21:3, 4).

QUOTE 20YRS LATER:

I married Marvin Moore, a Grossmont graduate of 1963. We have 2 children, Lynnette, 17 1/2 and David 15.

After high school I worked for the Telephone Company a few years and then quit to raise a family.

In 1978 I went to work for the Cajon Valley School District, then worked at Grossmont Junior College.

I am presently working for an Automotive Outlet.

Three years ago we built a new home in Ramona and my time has been spent trying to be a decorator, homemaker, deal with two teenagers, and work full time as a secretary. HELP!

I will be starting my ninth year of teaching woodshop at Francis Parker School in September. The years have gone by quickly and teaching has been very rewarding.

My hobby these days is bass fishing. I'm a member of the San Diego Stokers Bass Club and you'll find me on one of San Diego's great lakes at least one day of each weekend.

My wife, Cathy (Lee - Grossmont '67) is a florist and works for her father at La Canada Flowers at the corner of 54th and El Cajon Blvd. (That sounds like an advertisement. . . .)

I'm looking forward to this reunion--I've seen very few classmates since the last one.

QUOTE 20YRS LATER: Dreams are true while they last, and do we not live in
dreams? (Tennyson)

I presently work at Grossmont College in the Secretarial Services department. I love my job--because of the people I am fortunate enough to work with. We probably have the most harmonious office there could ever be. I am also the owner of a small jewelry company called "GOLDILOCKS".

I was married for 17 years and have been single for the last 2 years. I have known happiness and sadness, and being a romantic at heart, the realities of life are often hard to take.

I have two beautiful children who are the loves of my life. My daughter went to Canada this summer for a soccer tournament. Her team placed 3rd out of twelve. My son is interested in baseball and soccer. Both are excellent athletes, and good students, and I am very proud of them.

I have played soccer for almost four years on a women's over 30's team. Our team won first place this year in the San Diego County Cup Play-offs. (Yay!)

I have really enjoyed working on this booklet and getting to know the people on the different committees for this class reunion. Some have been special friends over these past few months, but I am truly glad to have known them all.

TEL#: 818-906-9713 CHILDREN: Darian Lee Moses (11 mo.)
QUOTE 20YRS LATER: We are all children of children.

After receiving an Associate Degree from Grossmont JC, I moved to Hollywood. There I did an album cover for the Buffalo Springfield, recorded an album and four singles for RCA with a trio "The Rock Flowers" for which Martel made dolls in our image--packaged with little colored records--which the dolls stood on as you played the record. We toured the U.S. and Canada for two years. During this time, I was making radio and TV commercials and doing a little modeling. I have been making a living doing commercials for the last fifteen years--and for love I do theatre work, travel, and am a Natural Hygenist.

Finally, approximately two years ago, I married my best friend--Harry Moses--moved to Sherman Oaks, and have the great joy of our one year old daughter, Darien Lee. (Who is also an actress at one month old, we did a commercial together.)

CHILDREN: Craig (11)

I graduated from SDSC where I was a member of Gamma Phi Beta Sorority. I went to U. of Hawaii for a semester. I am a social worker for S.D. County and represent the Dept. of Social Services in Juvenile Court on all the abuse, neglect and molest cases in the county.

I was married in '68 and my husband was killed in '72. I married an old buddy of my first husband's last year but am getting a divorce now.

I am involved in my son's school, AYSO soccer, Little League and Jr. tennis.

Because of all the abuse and neglect of children that I see at work, I have become involved in the pro-abortion lobby to assure that abortions remain available to medi-cal recipients.

I'm sure like many of my classmates, I have often wondered about friends from the past. However, since I left graduate school in 1971, I have been too far away from my roots to keep current on news from "home." I am currently a professor of Animal Science at Benny College in Mount Berry, Georgia. This is my ninth year of college teaching. While some people can stay put, I seem to need to relocate periodically. I have had the opportunity to live in Conn., N.Y., Colorado, Oregon and now, Georgia. My next move and probably last will be back to the west.

My life is enhanced by my wife Jill, and three sons--Tony, 14, Paul, 11 and Nathan, 9. Unfortunately, my schedule will keep my from the twentieth reunion.

I went to the University of Utah on a Navy ROTC scholarship, became a member of Phi Delta Theta fraternity, and graduated in 1968 with a degree in broadcasting and a commission in the Navy. I earned a masters degree in business administration from Boston University in 1982.

I served on two different Pacific Fleet ships during the Vietnam War. One was homeported in Long Beach. The other was out of Sasebo, Japan.

Since then I've been assigned to duties in Cuba; Washington, D.C.; Egypt; New York City; San Diego; Naples, Italy; and now Indianapolis.

Holding the rank of Commander, I'm director of the Broadcasting Department of the Defense Information School--a multi-service training school for military public affairs officers, journalists and broadcasters. I'm also in charge of about 130 Navy people assigned to the school at any one time.

I consider myself a world traveler now--having been to some 20 foreign countries. My German (learned at Grossmont) and Italian language skills are passable for a tourist, but that's about all.

I'm looking forward to this 20th anniversary reunion; because, like so many others, I've often asked myself, "Whatever happened to old so-and-so?" This will be my chance to find out. See you there!

You are the gift.

I've been brillilant, and I've been a fool; I've travelled widely and I've stayed home; I've exercised and I've been a sloth; I've studied and I've vegetated; I've investigated the world in almost any manner I could conceive of--except drugs. I work at Tom Ham's Lighthouse on Harbor Island at night. During the day I swim, sun, write, do calligraphy and art work, play the piano, read about two books a week. I studied languages for years--French, German, Spanish, a little Latin and Italian, Russian, etc. I live alone at present and have an eleven year old son who spends the summer with me.

QUOTE 20YRS LATER: "But by the grace of God go I."

What is happening to me now is what has happened to me several times in the past. I am preparing to move across country because of my husband's career. I have not always accomplished this with grace. There were friends to leave, jobs to end and tears to shed. But here I am at mid-life feeling settled and happy. I have a good life and I know it is not where I live that matters, but how I live. Only time could have accomplished that for me, and I am often overwhelmed with the fullness of my life—a loving husband and daughter and a strong sense of who I am. History is repeating itself for me, but now I get to do it from a new and improved vantage point.

The first cross country move was in 1973 from Los Angeles to the northern Virginia suburbs of Washington D.C. where my husband began his career at the National Headquarters of the U.S. Geological Survey. It was an exciting time—Watergate, a presidential resignation, a presidential pardon. The Virginia countryside was beautiful, as John Denver said ". . . almost heaven." It was hard to leave.

The second cross country move was in 1975 to the Bay Area where we have enjoyed relative stability for almost nine years. San Jose is "home" and an easy commute to the USGS Western Regional Headquarters in Menlo Park. Here our daughter was born in the fourteenth year of our marriage—only a minor miracle! Here we have grown and prospered in an environment made richer by the blossoming of Silicon Valley. And from here we are moving in less than one month.

Our journey begins August 1st with a destination of Reston, Virginia by mid-August. Hopefully by the night of the reunion I will have the boxes unpacked and the condo will feel like home after a nine year absence. I'll be with all of you in spirit that night, and maybe by 1989 I'll be able to be there in person to claim the dubious title of most distance travelled to the reunion. I am looking forward to reading about my former classmates and friends in the reunion booklet, and I want to extend an invitation to any class of '64 Foothiller who might be in or around Washington D.C. to look me up for a mini reunion. Shalom.

In the middle of my senior year I moved to Inglewood, California

 attended El Camino College for 2 years and then worked as a
 dental assistant for about 4 years. During that time I got
 married for a brief 6 month period.

In 1970 a friend and I moved to Madrid, Spain and we spent the
 next year touring Europe. When I returned home I decided to go
 back to school and get a degree in Dental Hygiene.

I married my present husband Tom in 1972 and became a homemaker.
 We moved several times around Los Angeles County during the
 first years we were married. Our son Ryan was born in 1974 and
 in 1976, when our daughter Erin was three months old, we made
 our last move and settled in Ventura. Katie Beth, our third and
 "last" child was born in 1981.

In the past few years we have had the opportunity to do some extensive traveling around the world including Mexico, China, Russia, and Africa. We were part of a "People to People" delegation for California Contractors last summer to China and Russia. Our most recent and exciting trip was a month long Big Game Safari to South Africa and Botswana this past March.

I've only been back to San Diego a few times in the last 20 years so I am especially excited about seeing my many old friends from the class of '64.

Last four years were spent remodeling the house including building a music room which now contains 5 keyboards, one of which is my dream come true--a 9-foot concert grand.

I do the teaching at home which keeps me here with the kids. They are beginning to be of help with the lessons as they all play very well.

Enjoying life--seems to get better every year. I feel good and look at and for the good. My family gives me great pleasure--as do my surroundings and interest in progressing in Interior Design.

Ten years ago I took a vacation from my job and home in San Francisco. I arrived in Tucson, Arizona by train and then set off on my five speed bike East towards Florida and the Carribean. I ended up on an island off Miami and marrying a loving and kind man who had custody of two boys. After living in Miami for several years and having a son, we felt a need to get away from the hustle and wildness of the city and moved and built a home on a developing island off the coast of S.W. Florida near the town of Naples. We live on one of the highest points in S. Florida...20' above sea level...and are minutes from the Gulf of Mexico. The Florida Everglades is at our back door. The area is growing commercially and residentially. My husband works for the building department of the county. My kids are great, do well in school and are interested in all sports, especially baseball.

I love life and hopefully am learning and becoming wiser as the years and some of the problems and inconveniences of life go by. I am anxious to see you all!!!

living outside California. Having a family stepped up the pace
of our already active household. Our decision to have children
has been eventful and positive.

I have had and will continue to have different stages
("passages"?) in my life, which will need to be dealt with
accordingly. After considerable evaluation, I have resigned
from a fifteen year teaching career (effective July 31, 1984) in
order to reclaim time for myself and to slow down the overall
family schedule.

Some of my most immediate "itches" are to explore the computer,
dig out my art supplies and to prioritize that time for myself.

We also lived four years on Guam in the early 70's. Our last six years in the Navy were spent in Oxnard and then back in San Diego. Until 1977 I was a full time Navy wife and mother.

We have three terrific children. Our oldest, Michael Jr., is 17 years old and graduated this past June from Santana High School with honors. He plans to attend Grossmont Junior College this fall and apply to attend the Air Force Academy next year. Our second son, Richard, is 14 years old and will be starting Santana in the fall. Our youngest and only girl, Charlene, is 10 1/2 years old and will be in the 6th grade at Carlton Oaks School in the fall. All three are very active in the Scouts--Boy & Girl!

In 1977, I took a job as cashier with Morris Plan Company. Spent one year as cashier, one year in management training, one year as assistant manager, and then was given my own office to manage. After 6 months as manager, I took a position with El Camino Thrift & Loan as manager of their new La Mesa Branch. After two years was made Internal Auditor to oversee procedures in all four branches.

In July 1983, I decided to make a career change. I took the position of Senior Counselor at Consumer Credit Counselors of San Diego, a non-profit organization. I now use my experience as a creditor to help people get themselves out of financial binds.

QUOTE 20YRS LATER: "He not busy being born is busy dying."--Bob Dylan

We've been building a house for the last couple of years and finally moved into it last October. Billy has built most of it by himself, so it's taken us a while to get where we are. The house is still not finished, but at least it's ours. We have 12 1/2 acres just outside Oklahoma City. We raise geese and goats right now and will expand our livestock as we can. Basically we're aging hippies trying our hands at homesteading.

We have one child, Sarah, who is 13 1/2 and very preppy (what else?). She is, of course, pretty, exceptionally bright and her feet are already bigger than mine. I'm not sure what that means except that maybe things are getting out of hand. Thirteen has been a very traumatic year for all of us--I can hardly wait for the rest of puberty.

As for me, after all these years of not knowing what I wanted to do, I've finally figured out where I'm going. I took a botany class last fall at a local college and it all fell into place. I'm going back to school this fall full time and really looking forward to it. I'm not sure what it will all lead to but I'm looking forward to the change and finally getting my degree. Right now I'm working as a floral designer and I really enjoy it. I'll keep working part time while I'm in school. My husband Billy is from Hawaii and we've been married 15 years. We met here while we were in Vista. Billy is a maintenance supervisor at a mall in Oklahoma City. Billy does a little bit of everything which helps us building the house.

Life has been full and rewarding for me.

After high school, I went to Grossmont JC for two years, and then I worked for Ma Bell off and on for ten years, first as an information operator (which I hated) and then in the accounting department.

I have been married for 14 years to Marvin Funcheon (a 1964 graduate of Mt. Miguel). We have four lovely children and my full time career at this time is raising the future citizens of America.

We have just moved back to the San Diego area in March. Prior to that, we lived in the beautiful Northwest in Redmond, Wash. (just east of Seattle.) It was very hard to come back, but I have to admit it is nice to see the sunshine again.

It has been fun working with the different people on the committee for the reunion. It's amazing how many people I didn't know personally then, but have had the pleasure to knowing now.

I've been out of high school for--you guessed it--20 years and I'm still trying to decide what I want to be when I grow up. I've given serious considerations to becoming an artist, but for lack of money, space, time and the responsibilities of raising a child (I know that's a cop out), these aspirations have been put on hold this past year. I did try to branch out into the real world by becoming a bank teller, but this was short lived. (They told me I dressed too "artsy".) I am presently employed by Palomar College in the Art Dept., my official title being "Art History Lab. Assistant and Audio Visual Tech." I also have my own business as a negative retoucher for a photography studio in Northridge, CA. My specialty--senior portraits!

I've had a variety of jobs over the years: car wash attendant, cashier, secretary, bookkeeper, sales clerk, waitress -for one night - and designer of stained glass, to mention a few.

I was married 15 years and have a nine year old son by that marriage.

Although my career aspirations after leaving Grossmont were to be a lawyer, I subsequently discovered it would be easier to marry one, which of course I did. After many years of being a professional (and poorly paid) student, I eventually found my niche in academia in the placement office. Since in this part of Canada very few employers recruit university graduates, this leaves me with a great deal of spare time. In the winter months I productively use this time pursuing the great Canadian pasttime: watching hockey and drinking beer. In the summer my time is again productively spent pursuing the great American pasttime: watching baseball and drinking beer. I still maintain my interests in music and cars; although given the severity of winter maritime weather, it's easier to maintain interests in the former rather than the latter -- "open motoring" during a snowstorm somewhat cools your enthusiasm. I have developed additional interests in cats and children. With five (yes, 5) cats, my new neighbors are firmly convinced that I am a gentleman "cat rancher". I'm uncertain of their attitudes towards the children. However since the children have not yet displayed the anti-social behavior of the cats, I'm reasonably confident that out new neighbors will exhibit the great Canadian twin virtues: being tolerant and drinking beer.

I recently finished the MBA program at UCLA, for which I moved back to the West Coast from Manhattan, where I edited an arts magazine. While at UCLA, my life took an unexpected turn. I met a man who is as fun and interesting as he is easy to get along with. Now that my school program has concluded, we are planning our wedding and otherwise sorting out the details of how to combine our lives. I will no doubt continue my 14-year career in publishing, in some form, as that has been the central motivating force in my life since my stint as Editorial Editor of the "Foothill Echoes" first aroused fantasies of a Brenda Starr nature. (Please enjoy the enclosed Xerox of my "Foothill Eagles" press pass, as well as a summons to Vice Principal Lloyd La Plant's office, both of which I have proudly displayed in the photo album I carry with me through life. I will try to remember to bring the originals with me to the reunion - the call slip must surely be the only authentic one of 1960s vintage still in existence. I have cherished these two items because I feel they offered evidence of my insipient individuality and identity.)

Twenty life-packed years in 25 words or less--challenging!
From high school to college (SDSU), UCSD, U of Col. for 6 or 7 years of molecular genetics), married Andy, a geologist, ecologist, mad-scientist, builder of strange things. Did genetics research for five years. We had two bright and beautiful boys, Christopher, now 12, and Ian, now 9.

Settled on Vashon Island in Puget Sound. Acquired ten incredible acres of forest overlooking water where Andy started a nine-year project--hand built 4300 sq. ft. log home, complete with 10 dormers and a turret.

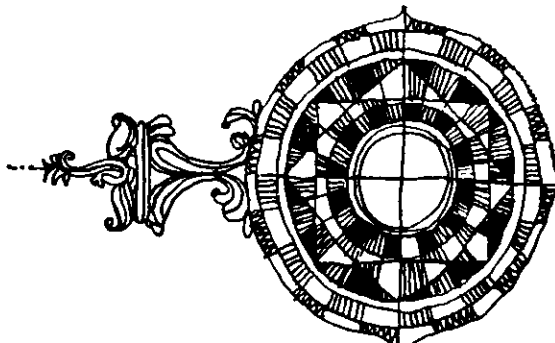

Meanwhile I crashed the great sex barrier to (infamous) Seattle Medic One and returned to school--VOFW Med. school Paramedic Program. To my delight, and a few men's horror, survived, graduated and have been doing emergency medicine in the streets, mountains, waters and helicopters of King County for the last six years.

Went to Israel this year to trade secrets with Mogan David Adom--the Israeli Medic I--and to play from Dead Sea to; Red Sea snorkelling to camel riding to climbing Mosada. Throw in a visit to Paris then home.

I balance the multi-macho of working with fifty-odd men men by spending my off-days dancing with the Vashon Ballet. Never bored, not enough time to sleep--reality of infinity is better than the fantasies of twenty years ago!

QUOTE 20YRS LATER: I am filled with jopyful hope. Life is exciting!

The last twenty years have certainly flown by (just as we were told they would). I have been blessed with many experiences and many joys. I enjoyed single life for seven years after graduating from high school, during which time I saw the world while working as a stewardess, first for PSA, then American Airlines. I am married to an Air Force pilot (F-15's) and the longest time we have been located in any one place in the last thirteen years was for three years. We average one and a half to two years a move, and I love it! We have lived in various cities throughout the U.S., as well as Europe. My own career experience has been quite diversified. While I am first a wife and a mother, I have found time to pursue and complete a bachelor's degree in Criminology. I have found this career field particularly rewarding. Due to the responsibilities of being a mother, I choose not to be working full-time out of the home just yet. I am however, entering graduate school in January of '85 to pursue a Master's Degree in Public Administration.

I lead a very active life involving not only by children, but many obligations that go along with being a military wife, as well as extensive volunteer work in such organizations as Girl Scouts, Juvenile Probation and Social Services. We are now in the process of another Air Force move--and another adventure--from Yorktown, Virginia to Phoenix, Arizona. Hooray! I've missed the west!

I still haven't grown up! I spend most of my time with children. After almost seven years of marriage and miscarriages my husband Greg (class of '61) and I adopted two darling children. (When you can pick them, you take one of each.) I am president of Fuerte PTA, coach soccer, and baseball. I train schools from Solana Beach to Jamul how to run and train volunteers for Children's Fingerprinting Programs. The Lord has blessed me with two very normal, dingy children and a husband who's my best friend (18 years) later!

Since the 10 year reunion, I have once again located in Minneapolis with wife Susan. We have increased the family unit by three boys. After 4-1/2 years as an attorney and judge with the State of Minnesota, I have returned to private practice with a 14 member law firm specializing in the defense of insurance companies in worker's compensation, personal injury and general liability matters. We have recently forsaken life under a busy flight pattern in the "inner city" for a new home in the "suburbs" where we can enjoy walks in the woods; cross-country skiing; deer grazing on our lawn; no airplanes; and chauffeuring our boys to piano lessons, sports, camp, the YMCA. We have not, however, totally succumbed to life in suburbia. Although we have a station wagon, fish, a hamster and a cat, we do not have a dog!

Sandy is a small town at the foot of Mt. Hood, 20 miles east of Portland. Our present population explosion has brought us to near 3,000.

"Homemaking" is a new and challenging occupation--raising my own children instead of someone else's. I plan to return to full-time teaching at the start of school in the fall. I would love to be there in S.D. in August, but . . . I would love to hear from my old friends--we do have postal service!

Anyway, my first marriage ended after 13 years and four boys later. I then moved to Indiana, home of the "500," to work and find a very wonderful man--named Michael Wilson. He adopted my boys and two years later we had our first girl. Yea!!! Eighteen months later another girl!! Ugh! Time to stop with the babies and enjoy. We have a very nice home with a pool for the kids and relief for mom. My oldest--Brian--has picked a very sweet girl--Angie--as his first promise--oh the memories that brings back. QUOTE 20YRS LATER:

Reaching the milestone of one's twenty year high school reunion could almost bring on a mid-life crisis--encapsulating twenty years in a paragraph or two should be left to the movie reviewers.

I've spent most of the twenty years since high school in the San Diego area. I received a B.A. degree at SDSU in speech pathology and audiology in 1972. Presently I am living in Chula Vista and working in a family business--Ratner's Pacific Lighting--as their purchasing agent. I traveled courtesy of the USN to Morocco ('67-'68); lived on a kibbutz in Israel with my wife for 4 1/2 months ('76), and then spent 1 1/2 months traveling in Europe.

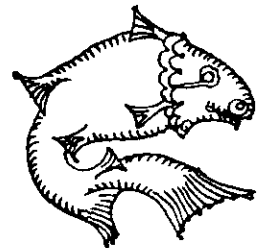

I have two smart and healthy sons who eat us out of house and home, but who we could not be prouder of--Eric who is 7 years old and Daniel who is 3 years old. I have a good marriage of 11 years, have a station wagon--two kids, but no dog.

We have the annual Zoo and Sea World passes, support KPBS, take a few short vacations away from the children to recharge the batteries. We are not active politically, but feel we are liberal for the San Diego area--believe in the ERA--believe that abortion should be one's choice.

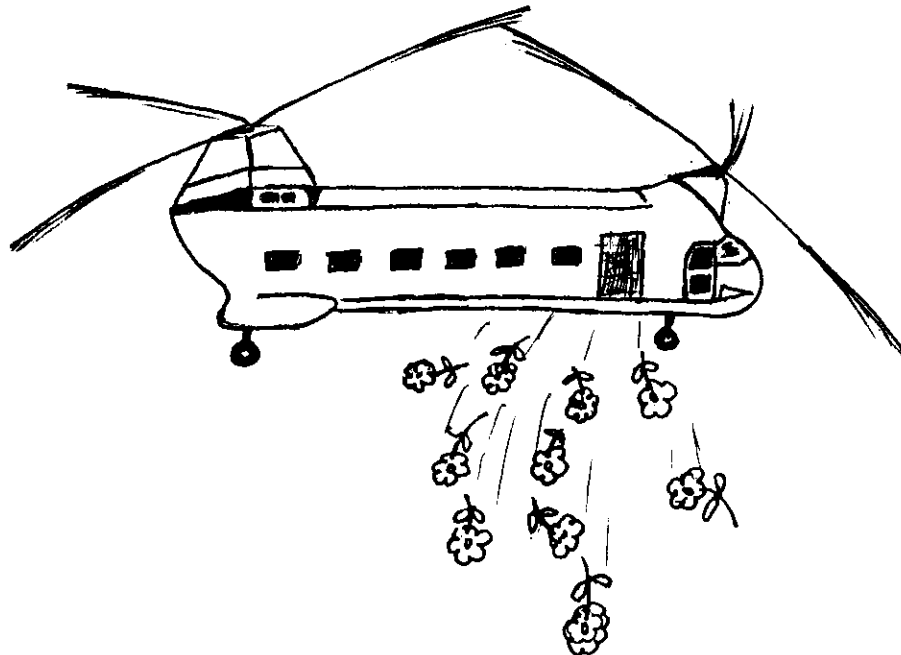

I'm glad I've been able to help towards our 20th reunion--the curiosity about what other classmates have done in the 20 years is overwhelming.

After high school, I graduated from Beauty College and went to work in a beauty shop. I met my husband, Thomas, and got married. I worked as a cosmetologist for nine years and during this time I became the mother of a beautiful girl, Tonya Cathleen. I also started a tie business with my husband. In 1969, we had another beautiful baby, Laura Marie. After a few years, PTA, Backyard Swim, and Girl Scouts became a large part of our lives. I am still very active with the Girl Scouts. I

started as a Brownie leader and as the girls grew, I went on to Junior Scouts. I did a great deal of camping, badge work and crafts. Sometime during all this, we built a home on Madison Ave. in El Cajon and then horses came into our lives. We now have four horses, chickens, ducks and a collection of antique vehicles. We find ourselves splitting the weekends between camping, backpacking and horseshows.

The family kept me busy, but as they all grew up I decided I needed a change. I went out work outside the home--I wanted something part-time. I started as a Register Operator at Value-Land in El Cajon. Three months later I was a supervisor and nine months later I was an Assistant Manager. I have been with the company 1 1/2 years. I like my job.

I went with my daughter, Tonya, to Cadette and Senior Girl Scouts and started teaching backpacking. I worked three years at resident Camp Winacka in Julian, working with the backpacking unit, the "Great Escape", while also grooming horses and supporting Laura at horse shows. During this time, I was also elected Chairwoman of our Service Unit for Girl Scouts. I held that position for two years and now I am an Outdoor Consultant.

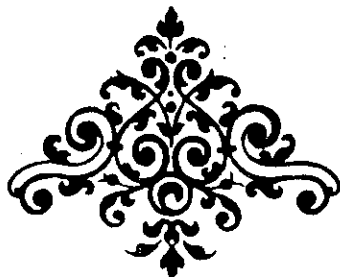

In my spare time I sew for my family and host a girl from Japan.

QUOTE 20YRS LATER: "Round up the usual suspects." (Claude Rains in "Casablanca

After graduation from GHS, I lived in Berkeley and Chicago while furthering my education. In between those stops I was drafted and served two years in the Army in Oklahoma. Since completing school I have lived in New York City and have been on the faculty in cell biology at the Rockefeller University. I mainly do cancer-related research, but also a little teaching. My job has given me the chance to do a lot of traveling and to see a number of interesting parts of the world. This fall I will be going to Italy for a couple of months to do some collaborative work in a laboratory there. However, my current job situation can last only one more year, and I am looking for new job possibilities. I hope to stop drifting eastward and relocate back in California. I have been married since 1970, still with no children. My wife will complete her Ph.D. (in English Literature) later this summer and her own job situation may have much influence on our next home.

I've just finished a busy year as president of the Parent-faculty Club at my daughter's middle school. I work 3/4 time also as an RN on an Oncology Floor. In the fall I'm returning to school for seven weeks at USC for a speciality as an Enterostinal Therapist. When I return I'll have a new administration position at the hospital using my new speciality. I still will be working mainly with cancer patients which I

really enjoy. Both of my children will be in high school this year and of course will keep me very busy. My son will continue with football and my daughter with soccer. We've taken over ownership of the Varman family cabin at Tahoe and spend much of our free time at the lake.

QUOTE 20YRS LATER:

After completing school and getting a teaching credential, I spent three yeras teaching junior high school at an inner-city school. I returned to school in '74 to earn my Master's degree in English lit in '75. Then, I spent five years at home with my two small boys. I returned to work in '79 and have worked in adult education, teaching high school subjects to adults returning to get a high school diploma. I'm currently employed at Helix Adult Center.

My husband (16 years this August) is an electronics engineer. He does electronics consulting and also owns his own business (Certified Electronics) installing custom security alarm systems. We participate in Cub Scouts(husband is the den leader; I'm the assistant) and volunteer at our church. I'm a teacher and coordinator of the kindergarten class at my church.

I'm looking forward to more time of my own as my boys (Kris 7, David, 10) get older and more independent. I enjoy reading, exercising at a local spa and helping out with my husband's company. I work only part time (20 hours) to leave myself some free time for my own pursuits. Some day I'd like to write a book about a woman's real life in America, juggling career, motherhood and self-hood.

A big influence on my life recnetly has been a 5-year Bible study class I completed (Bible Study Fellowship) which clarified and strengthened my religious beliefs. As I near 40, I'm more conscious of my desire to develop and bring into harmony all aspects of my "self" -physical, mental, emotional AND spiritual. See you at the reunion!

After high school, I moved to Oregon where I worked for Swift Mart Corp. and returning a year and a half later just in time to enroll in J.C. and the draft. The Army kept me for two years from '66-'68 spending most of my time at Ft. Sam Houston in San Antonio, Tex. Moving back to San Diego with a new bride, I set up house keeping and went back to school. With an undeclared major and too many part time jobs later, I went to work for Keenan Pipe and Supply as a truck driver. This became my first full time job where ten years later in 1981, I became a branch manager of their Ventura operation. I live in Ventura today with my wife Diane and my two children where I spend time refereeing soccer games, golfing and fishing. Life has been good.
